Medical student
Faculty of health-care sciences
Eastern University
Sri Lanka.*

*Mr. Ravindra
Director
Vienna Sri Lanka Dhamma Educational Foundation for Children
Vienna
Austria*

Dear Sir,

Application for a scholarship programme

My name is Miss. Aranie Asaratnam. I had studied at St' Cecilia's College Batticaloa since year 1990 to 2004. During the school days I was a prefect & participated in many school events such as English Days & Quiz competitions. And I've got 10 distinctions in ordinary level examination in 2001.

*In 2005, I've got the entrance to follow the course of Medicine in newly opened Faculty of Health-Care Sciences, Eastern University. Now I've completed the 2nd year end examination in our course. My registration number is **EU/IS/2005/MED/07**.*

My Family Status

There are three members in our family including my self, my mother and brother. My father has passed away in 2004 that is before my advanced level examination. My mother, Mrs. Yogeshwary Asaratnam is 55 years old & she is a house wife. Since my father's departure, she is the only person taking care of my studies and my brother's studies. But it is difficult to manage our expenses with the little amount of my father's pension. (Monthly pension -Rs.11, 000/-). We have no sources other than this pension.

We had a house at Vantharumullai & it was ruined during civil war long ago. Since then, we are residing at a house for rental at Batticaloa town.

As still I have to complete the 3rd. 4th & fined years in the course of medicine. I must buy the following things. But these items are very expensive to me to buy them on my own. As you requested I have listed them & mentioned their costs & purchasing details.

Since my university entrance I have been struggling to manage my financial needs without troubling my mother. It'll be very grateful if you help me to purchase these things. After the purchase all the materials can be delivered at the following address

*M. Thuraisingham
No, 53/3, St Peter's Place
Colombo 04.*

Yours truly,

A. Aravie .
